Sir:

**PETITION TO CORRECT FILING DATE AND
REQUEST TO CORRECT FILING RECEIPT**

This is a petition to correct the filing date for the above-referenced patent application from January 17, 2002 to November 16, 2001. On the afternoon of Friday, November 16, 2001, Jennifer Garrison attempted to file the above-referenced application via the United States Postal Service's "Express Mail to Addressee" service at the post office in Cary, North Carolina. The express mail package was refused by the post office due to events stemming from the September 11th terrorist attacks and anthrax concerns. On the following Monday, November 19, 2001, Jennifer Garrison filed the application via first class mail on the condition that it was refused, accompanied by a petition, a copy of which is enclosed, to the Commissioner to afford the application a filing date of November 16, 2001. The application included all paperwork including the original certificate of Express Mail. With apparent disregard for the petition, the application was given a filing date of January 17, 2002, although the application is entitled to a filing date of November 16, 2001. Accordingly, the Commissioner is hereby requested to correct the filing date.

A review of the refusal to grant a filing date as of the date of deposit of the application should be done by way of petition, accompanied by the petition fee under 37 C.F.R. 1.17(i). An enclosed credit card payment form in the amount of \$130.00 is provided to cover the petition fee. Since the error was caused by the USPTO, applicant requests a refund of the petition fee upon granting the petition to correct the filing date of the application. MPEP § 506.02.

Given the interruption in U.S. Postal Service on November 16, 2001, applicant is entitled to the filing date of November 16, 2001 because the application was promptly filed in an alternative manner and accompanied by a statement indicating that such correspondence would have been filed on November 16, 2001 if it were not for the designated interruption in the U.S. Postal service (see 37 C.F.R. 1.6(e) and MPEP § 502).

Prompt attention to this matter is respectfully requested.

In addition, the first- and third-named inventors are incorrect on the filing receipt. A correction is hereby requested as follows:

First-named inventor: Kelvin Kar-Kin Au

Third-name inventor: Yoon Chae Cheong

A copy of the filing receipt is enclosed with changes marked in red.

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
